- Look up your possible exemptions online (Exemption Search - CIMA).
- If you want to use your **experience** or SAICA/SAIBA membership to apply for exemption, contact CIMA (SA) first. Everybody else, proceed to Step 2.

Step 2 - Register with CIMA

- Go to www.cimaglobal.com and register as a student.
- Select your entry route from the drop down. Complete your details and select 'attend a college' and 'IBTC' as your tuition provider.
- Click Yes if you want to apply for exemptions.
- Do not select ANY subjects under CIMAstudy.com.
- Your basket should only show your Student Registration fee.
- Pay now (using your credit card) or pay later if you want to add it to your IBTC invoice.

Step 3 - Apply for exemptions

If you are not applying for exemptions, you can skip this step.

- If you have applied for exemptions, submit your academic records (certificates and transcripts) to documents@cimaglobal.com and include your CIMA contact ID number. CIMA will award your exemptions within 21 days.

- Read to understand, not to remember.
- Spend 60% of your time studying and 40% of your time doing question practice.

CIMA Exams

OBJECTIVE TESTING

You will have to do an objective test (OT) for each subject. The OTs are PC-based exams available on demand – so you can do them all year round. The results are made available immediately. You must complete each OT within a level before you can attempt the case study (CS) exam for the same level.

CASE STUDIES

You will have to do a case study (CS) exam at each level (except Certificate Level). The CS exams are PC-based and available four times per year in February, May, August and November.

Case study exams draw on the E, P and F subjects at that level.

IBTC is an accredited, Pearson VUE exam centre.
